Newsletter

Q3 2022

INTRODUCTION

Welcome back to our Q3 newsletter!

Thank you to everyone who provided some great feedback since the newsletter last month.

SSA CONFERENCE

The wonderful Matt, from the Space Control Team, will be at MGM Grand during the upcoming Las Vegas show from September 6th through the 9th.

He will be there to answer any questions, showcase features you may not be aware of or just say "Hi" in person.

Space Control and Storage Commander will be located in a row of booths starting at 618.

We hope you can stop by and introduce yourselves to Matt and myself.

Sincerely,
Charlie Smith
VP of Operations

DEVELOPMENT ROADMAP

The team is working hard on finalizing a Product Development Roadmap that we will be sharing in Q4 with you. This roadmap will give you insight to feature requests and an ETA of those requests going live in the software.

Any previously submitted feature requests are on our radar. Any new feature requests can be submitted to newsletter@spacecontrol.com
